

# How TaalentSphere helped a client plug some niche skills

# Challenges

Attracting qualified candidates for some open positions that required some specific certifications and experience.

Finding talent for some of their short-term, contractual positions.

# SOLUTION

---

Found the right candidates for the right profiles using our vast pre-screened and qualified candidate network coupled with our time-tested search methodologies.

---

Helped the client structure the compensation for better acquisition and retention.

---

Dedicated team of recruiters that were able to fill in the positions quicker than the client expected, for the short term positions.

---

Great cost savings  
due to our fast turn  
around of the  
positions.

Best practices of  
structuring  
compensations for  
quicker candidate  
on-boarding.
